LETTER OF SUPPORT

I approve the suspension of the Ecampus EdM in Education program as part of the continued reorganization of the College of Education. We consider the suspension temporary, as it is designed to provide opportunity for our faculty to re-conceptualize the degree and re-design as needed to meet changing demographics and prospective student needs. Our MS, EdD, and PhD degrees in the Education program (SIS Major # 2310) are unaffected by this change and will continue to be offered as face-to-face and/or hybrid programs on the OSU-Corvallis Campus.

Sincerely,
