CC: Khanna, Sunil

I would agree with the suggestion of asking Mark Zabriskie for a letter—and I will be happy to do this if you want me too.
(He might feel conflicted if there are concerns from OHSU's nursing school, though, since, as you know, his school is joint OSU-OHSU).
The dean of the College of Science (that has the pre-nursing undergrad major) can also be a good option—Roy Hagerty; I am sure he will be supportive.

Kara,

Thank you for your followup note. We are scheduled to talk with the SOBE School Heads about specific issues we've identified with the proposal. We expect to respond with these comments by COB this Friday, October 6th. With regard to other letters of support for this proposal, we suggest Dean Mark Zabriskie of Pharmacy. Please let us know if we can be of assistance with obtaining this letter of support.

Best regards,

Norm & Sunil

No, no need to include them; your explanation answers my question.
Good to hear that the staffing plan is on the works.
Best,
Javier

Thank you Javier. I am working on the staffing plan now. Ultimately, this work will be handed over to our Executive Director who will reside here at Cascades. He/She will hire the instructors for the program who could reside either locally or remotely. ECampus is providing the funding for course development that will pay instructors to develop the courses. It will be up to our Director (and of course our Dean's team here), to include these faculty as part of our community, to the extent possible.

Regarding the other nursing schools, the proposal focused on those that offer the RN to BSN program specifically. If you would like me to include them in the narrative as schools that offer an RN and/or full BSN program (I have to look at those), I can include them.

Kara

Hi Kara,
This is exciting!
I am assuming that, as you finalize the budget details, you also have a clear plan in mind as to who is going to teach the needed classes—and how will the faculty/instructors be supported.
Another minor comment: among the potential "competitors," do you want/need to mention the other two nursing schools in Portland (Concordia, U of Portland)?
Provided that you have an answer to these questions and if Norm and Sunil have no concerns, I am ready to sign this.
Thanks,
Javier
