As this proposal is 2.5 years old, I would like to see an updated justification from the current program leadership.

Update Feb 5, 2018.

I was just made aware that this proposal was never completed and submitted. The last PSM student graduated in Spring 2015 and no new students or applications have been accepted since. The program has also been removed from the website and has been permanently shut down for future applicants.

We do not have an MCB Program Director at this time so I am currently acting as the Program Director. Please contact me if you have any questions.
