**CANDIDATE STATEMENT:** I've been honored to represent my college as a senator since I transitioned into the professoriate (2021) after serving 5 years as an associate dean and Extension program leader. Prior service on Wisconsin's faculty senate informed my vision of a strong shared governance system. I am eager to translate that vision, as well as knowledge and perspectives, gained from Extension and administration experiences into promoting and partnering with administration around issues needing strong faculty input, including promotion and tenure guidelines and support for engaged work. Serving on the Executive Committee provides a unique opportunity for doing that and more.
